After 28 February -1 March 2023, - The meeting in Gjirokastra, Albania, on May, 106 ECUG students became part of Three -day student training "Innovation Camp on Entrepreneurship", Industry representatives, Enea Shalari and Claudio Imeraj, shared with their audience, their experience in the venture that started while they were still students.

On Friday, May 19, the last day of training on entrepreneurship for low and high pre -university secondary teachers were successfully closed. This module also closed the piloting phase of the four entrepreneurial training modules offered by the Center for Continuing Education, under the Entral CBHE Erasmus +project.

On May 25-27, 2023, the University of Sports of Tirana in cooperation with the Center for Training and Continuing Education as well as within the implementation of the pilot module "Education of entrepreneurial skills for teachers of the lower cycle and preschool in pre-university education"

On June 12-14, 2023 the modules were held with the title: Education of entrepreneurial skills for lower and pre -school pre -school teachers; Education of entrepreneurial skills for lower and high pre -university secondary teachers. These modules were offered to teachers by the University of Shkodra lecturers, as part of the project Entral .

On May 17, 18 and 19, 2023, within the framework of the EntrAL project, the training of teachers on the topic "Education of entrepreneurial skills for teachers of the lower and preschool cycle for pre-university education" took place at KUPV. 30 primary and preschool teachers take part in the trainings appreciating the high level of trainers' performance.

On June 22-23, the University of Elbasan developed the training module "Towards an entrepreneurial mindset" within the implementation of the pilot courses of the ERASMUS+ CBHE Project ENTRAL. This training was conducted successfully. This project aims to increase entrepreneurial awareness in higher education institutions in Albania, bringing an

During the period of May, 2 – 9, 2023, the University of Vlore developed two training modules "Towards an entrepreneurial mindset" and Innovation Camp within the implementation of the pilot courses of the ERASMUS+ CBHE Project ENTRAL. These trainings were conducted successfully with the participation of University teachers and students.

6 and 7 June 2023 - The meeting in Durrës, Albania, acted as a reflection on the implementation of pre-university teachers, university teachers and students pilot courses by all the Albanian partner Universities. During this meeting, the experiences from the participants and the trainers of the pilot courses will be shared and discussed in order to maintain the quality.
